

## AMENDMENTS TO THE SPECIFICATION

Please add the following paragraph on page 1, after the subtitle "CROSS REFERENCE TO RELATED APPLICATION".

**[0000.1]** This application is a continuation of PCT/EP02/08764, filed August 6, 2002, which claims priority to German Application No. 101 42 130.3, filed August 30, 2001, which are incorporated by reference herein.

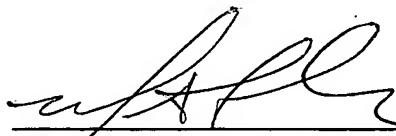

Please insert an Abstract section of the specification as follows.

### ABSTRACT

The invention relates to a method for weaving fabrics that comprise in at least some sections multiple layers, especially one-piece woven (OPW) airbags comprising single-layer, double-layer and multi-layer sections. According to the inventive method, weaves or weave combinations are produced in the double- or multi-layer sections that are different from the plain weave.
